Object : Cover letter to join a Bachelor in trinity College

Dear Sir or Madam,

I am Olivia Wilson, i am twenty one years old and i live in France. I have just finished 3 years of Bachelor in law in Lumières University in Lyon and i am looking to go to another country for my Master.

I am writing to apply for the Trinity College in Dublin for the Master of Law in 1st year.

By applying to this program, I want at first to develop my English because i think it's important to have a good level of English whether for work or for travel. During my research i found out that your university have a good program for masters and that's why i would like to be a part of your college. I'm highly motivated to study at Trinity College because I want to benefit from the best education opportunities.

At Trinity College, I will have the opportunity to study in an environment uniquely suited to my objectives and of working with leaders in the industry and in the academic world.

Also i want to discover Ireland because i heard that the people were so nice and joyful, and i've seen many documentary of the landscapes and it's seems amazing. Also Irish people are very friendly so i think i will not have difficulty to build an entourage. And i think it is very important to have people to rely on during our hard time.

Thank you for receiving my demand, I hope to see you soon

Sincerely,

Olivia Wilson
